

FLIGHT FOR LIFE Wants Your Photos!

If you have taken pictures of your Fire Department/Rescue/EMS or Law Enforcement staff working with the **FLIGHT FOR LIFE** crew at a scene call or in training, your photos could win a place in Flight For Life's calendar! (Yes, there are prizes for winning photos!)

What kind of photos are we looking for? We look for **ACTION SHOTS** of your crew and our **FLIGHT FOR LIFE** team working together at a scene or hospital; scene photos including your personnel, equipment and our helicopter. Any photos that show a patient during care or transport must be able to be de-identified.

Put your **HIGH RESOLUTION** digital photos (300 dpi & at least 11.25" x 8.75") on a CD and clearly mark with the date taken, photographer's name and the event (scene call & location or training & location) and send in with the form below, (4" x 6" color prints are also acceptable). Feel free to make copies of the form to use throughout the year! Call Tammy Chatman at (414) 778-4573 if you have questions.
